

ABOUT ME

Dynamic Full Stack WordPress Developer with 7+ years of experience delivering high-performance websites and web applications. Expertise spans both front-end and back-end technologies, with a focus on PHP, Laravel, Node.js, and React.js. Proven track record in building and optimizing WordPress sites, creating custom themes, plugins, and API integrations, while ensuring optimal performance, security, and scalability. Adept at solving complex challenges, collaborating with cross-functional teams, and staying at the forefront of emerging technologies. A reliable, detail-oriented developer who thrives in fast-paced environments and consistently meets project goals with precision.
